X FOOD TECHNOLOGY AND PRESERVATION

A Selected List of Books X

Compiled by

H. H. Hall

Agricultural Chemical Research Division

U.S. Bureau of Agricultural and Industrial Chemistry

1. "Campbell's Book, Canning, Preserving and Pickling," by Clyde H. Campbell, published by Vance Publishing Corporation, 175 5th Ave., New York, New York.
2. "Commercial Fruit and Vegetable Products," by W. V. Cruess, published by McGraw-Hill Book Company, New York, New York.
3. "Outlines of Food Technology," by H. W. von Loesecke, published by Reinhold Publishing Company, New York, New York.
4. "Food Technology," by Prescott and Proctor, published by McGraw-Hill Book Company, New York, New York.
5. "Fruit and Vegetable Juices," by Tressler, Joslyn and Marsh, published by The AVI Publishing Co., Inc., 31 Union Square, New York 3, New York.
6. "Food Preservation," by Chenoweth, published by John Wiley & Sons, Inc., New York, New York.
7. "Canning, Preserving and Jelly Making," by Janet M. Hill, published by Little Brown & Co., New York, New York.
8. "A Complete Course in Canning," published by The Canning Trade, Baltimore, Maryland (6th Ed. 1936). (This book also contains information on jams and jellies.)
9. "How to Preserve Food," by W. W. Chenoweth, published by Houghton, Mifflin Co., Boston, Massachusetts. (This book also contains information on jam and jelly making, pickling, dehydration and freezing.)
10. "Food Products," by Saul Blumenthal, published by Chemical Publishing Co., 26 Court St., Brooklyn, New York.
11. "Microbiology of Foods," by F. W. Tanner, published by Garrard Press, Champaign, Illinois.

These books can usually be consulted in large public or technical libraries, or may be obtained by purchase from the publishers.

ADVISORY OF THE LIBRARY RECORD

LIBRARY  
CURRENT SERIAL RECORD

NOV 19 1948

U. S. DEPARTMENT OF AGRICULTURE

Described in part in "Circular 100, Advances in Research on  
Soil and Water Conservation and Soil Conservation Methods  
and Materials," Bureau of Soils, U. S. Department of Agriculture.
